

Bead and
Roller Guides

Several single modules assembled onto a steel support to form one 3 meter (approx. 10 ft.) section

These low noise, long life, bead guides offer quick installation and smooth operation. They are designed for boxes and containers (glass and plastic bottles, tin and strong aluminum cans). Excellent for accumulation areas. Can be cut to length.

- **Eliminates jamming**
- **No friction points or bridging**
- **Increases throughput**
- **Reduces product damage**
- **Excellent for paper, plastic and metal containers**

Modules slide onto 40mm x 8 mm flat bars or the "M". Minimum radius for a curved section is 10 in. (beads outside) and 12 in. (beads inside).
