

Urethane Product Advantages

The table below highlights the advantages of urethane versus metal, plastic, and rubber materials. For assistance in determining which type of material is best for your application, contact us today.

	Metal / Urethane	Plastic / Urethane	Rubber / Urethane
Abrasion Resistance	Urethane		
Corrosion Resistance (rust)	Urethane		
Impact Resistance	Urethane		
Noise Abatement	Urethane		
Non-Brittle Upon Impact		Urethane	
Elastomeric Memory		Urethane	
Abrasion Resistance		Urethane	
Abrasion Resistance			Urethane
Cut/Tear Resistance			Urethane
Load Bearing Capacity			Urethane
Ozone Resistance			Urethane
Harder Durometer Range			Urethane
Mold/Fungi Resistance			Urethane
Non- Marking			Urethane
Color Availability			Urethane

Notes:
